

# Safe Return to School

Bayhill High School

# Welcome Back!

We can safely return to school when we all do our part.

School

# The 3 Basic Rules for a Safe Return

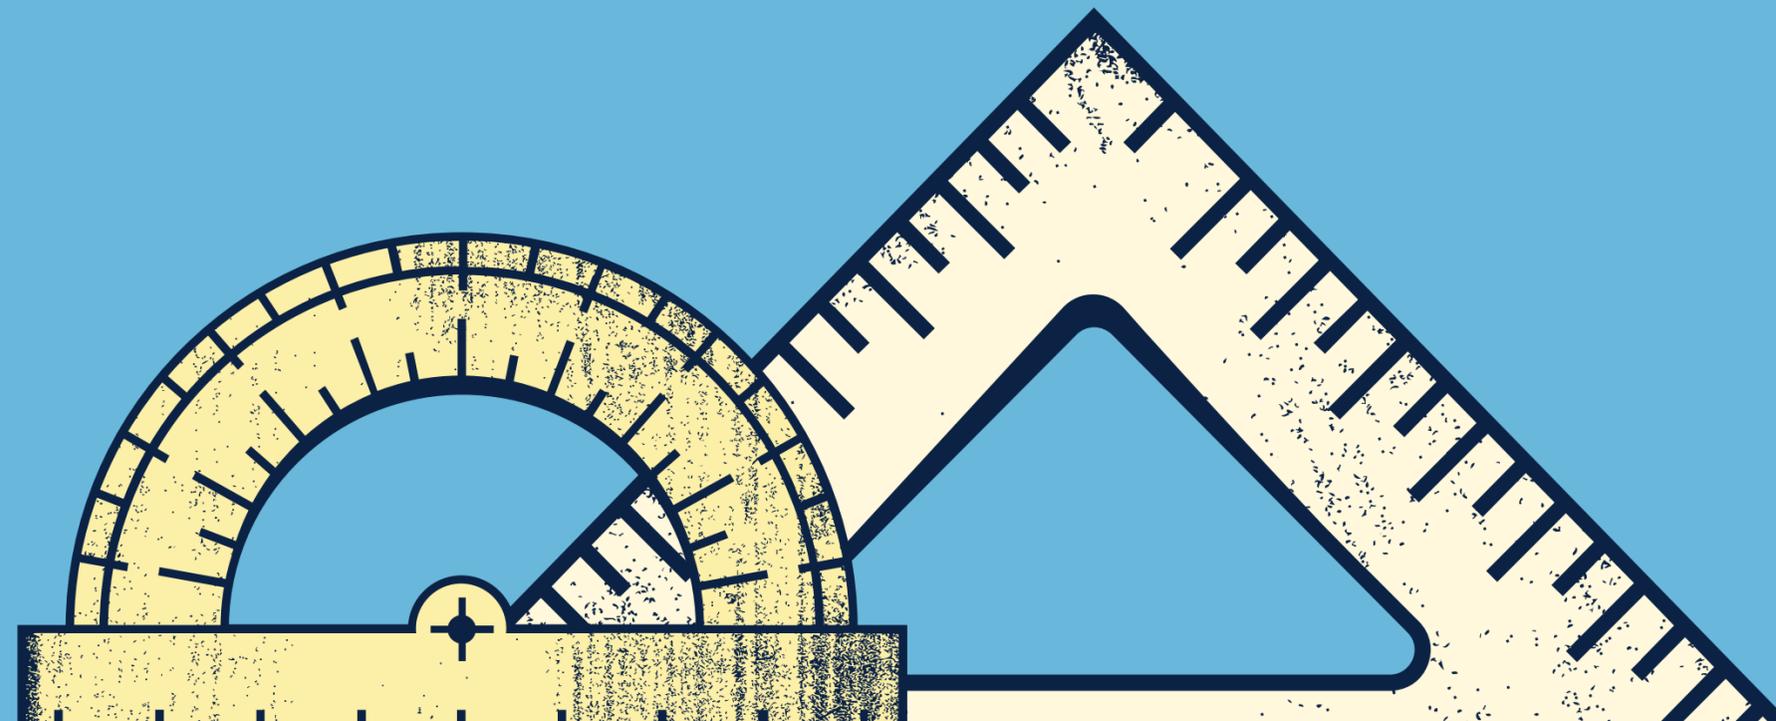

01 Masks: Wear a mask at all times indoors.

03 Eat and drink only in the courtyard and lunch room.

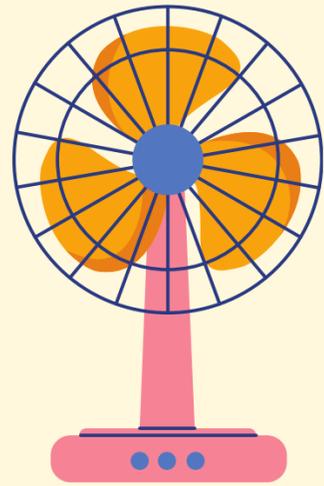

02 Wash your hands often.

# Other Prevention Measures

01

## Ventilation

All classrooms are now equipped with special air circulation fans in the windows.

02

## Cleaning

Our facility is thoroughly cleaned each night.

03

## Vaccines

100% of staff and approximately 90% of our student body is vaccinated.

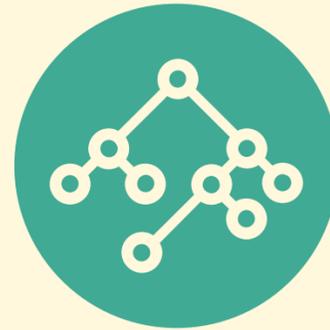

# More Prevention Measures

04

## Assigned Seating

In each class, a seating chart will be used to make contact tracing easier.

05

## Contact Tracing

In the event of an outbreak, Bayhill will conduct contact tracing in accordance with Berkeley Department of Public Health.

06

## Training for Students

On the first Wednesday of the school year, our assembly will address student responsibility in preventing COVID-19 at school.

# Safe Return by the Numbers

- 01 <1% - The chance of contracting COVID in the school setting (CIDRAP, 2021)
- 02 .04% - Chance of getting COVID if vaccinated.
- 03 .007% - Chance of being hospitalized if vaccinated.
- 04 .0009% - Chance of dying from COVID if vaccinated.
- 05 100% chance you will learn if you come to school!

# Symptom Checker

Parents, please do not send your child to school with any of these symptoms!

Fever

Cough

Congestion or  
runny nose.

If your child has any of the above  
symptoms, please call the office and  
have your child tested for COVID-19  
immediately.

Shortness of  
Breath

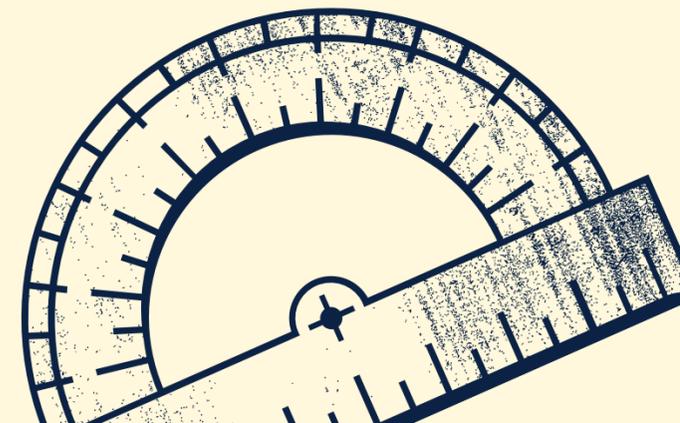

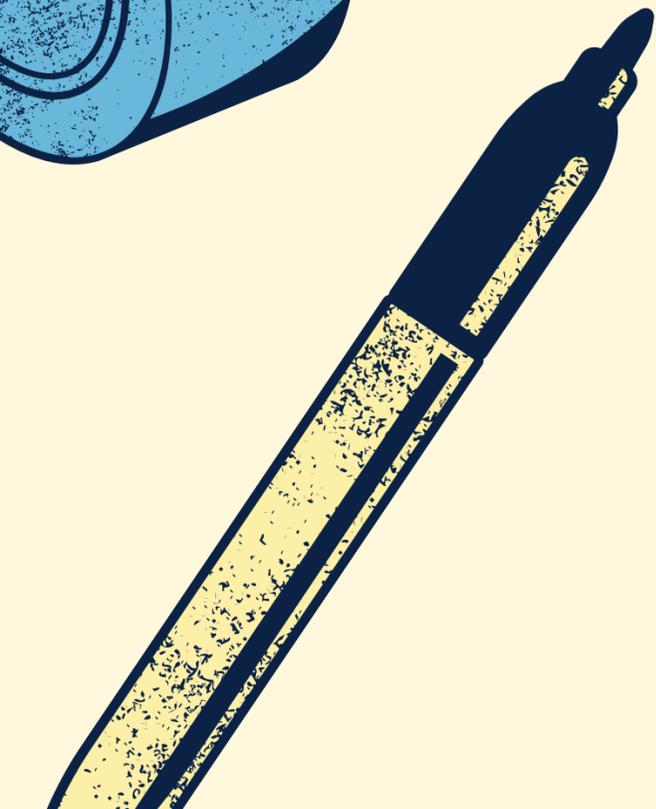

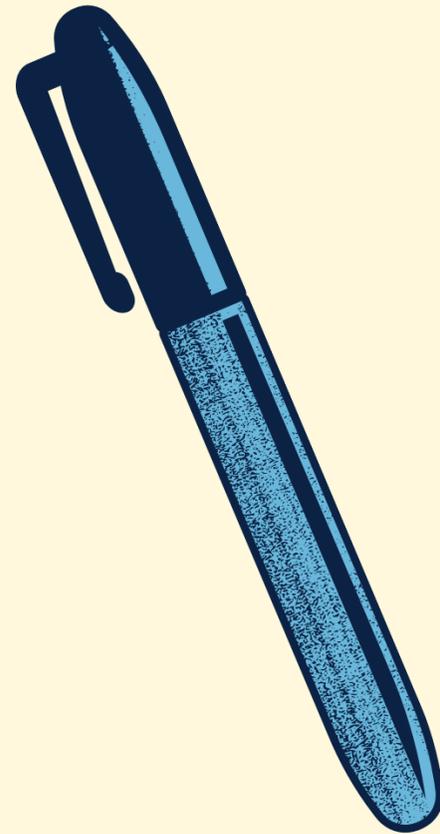

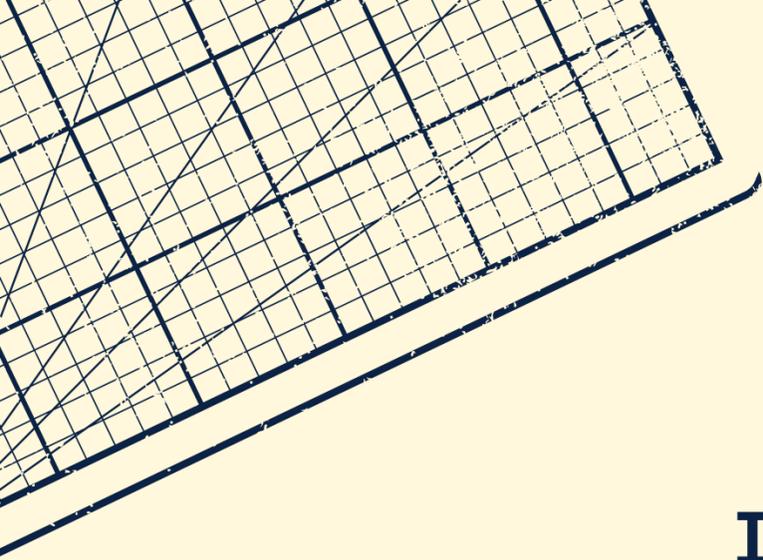

Body aches

Loss of taste  
or smell

# Sickness

If your child comes to school sick or becomes ill at school, they will be placed in a safe secluded spot on campus and parents will be called to pick them up immediately.

Student will be required to have a negative COVID test and/or doctor's note in order to return to school.

# Quarantine Guidance for the Vaccinated

## Symptomatic Individuals

If a student is fully vaccinated and has symptoms of COVID-19, they must quarantine until symptoms disappear or they receive a negative COVID-19 test, this should be a molecular PCR test.

## Exposure unmasked

If a student is fully vaccinated and comes in contact with someone with the COVID-19 virus while NOT wearing a mask, they must quarantine until they receive a negative COVID-19 test, this can be a rapid antigen test.

## Exposure masked

If a student is fully vaccinated and comes in contact with someone with the COVID-19 virus when everyone is wearing a mask, they may continue to attend school for in-person instruction if they are asymptomatic and continue to wear a mask.

**\*All testing is the responsibility of parents. Proof must be given to the school upon return.**

# Quarantine Guidance for the Unvaccinated

## Symptomatic Individuals

If a student is NOT vaccinated and has symptoms of COVID-19 and tests positive, they must quarantine for 14 days AND symptoms disappear. A negative test is not necessary, but it must be 14 days from the date of the positive test.

Quarantine guidance for the unvaccinated was recently updated. The Alameda County Department of Public Health reports that the majority of cases in the public schools are the result of modified quarantine of unvaccinated individuals. Thus we are no longer offering modified quarantine.

## Exposure masked or unmasked

If a student is NOT vaccinated and comes in contact with someone with the COVID-19 virus outside of school, they must quarantine and be tested 5-7 days after exposure. Student can return after 5 days with a negative PCR test.

\*All testing is the responsibility of parents. Proof must be given to the school upon return.

# Learning During Quarantine

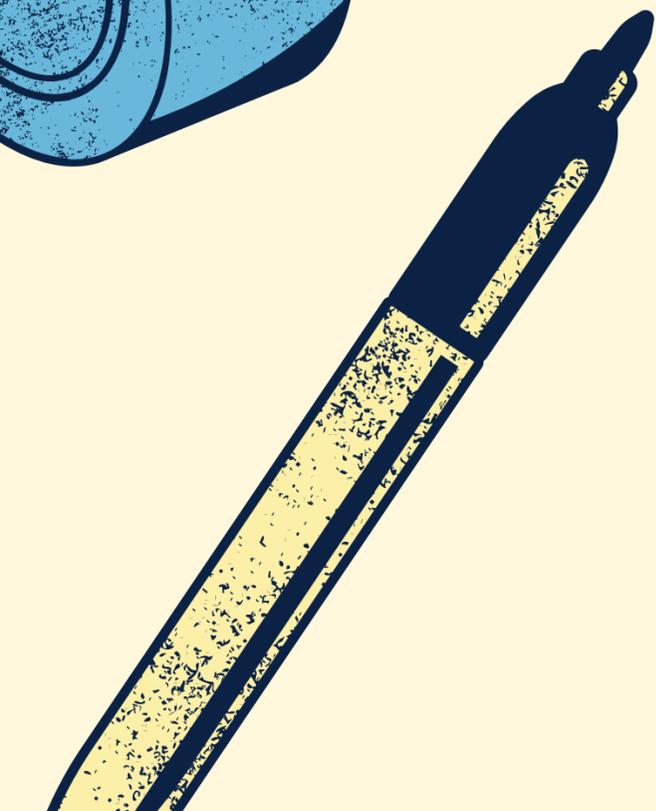

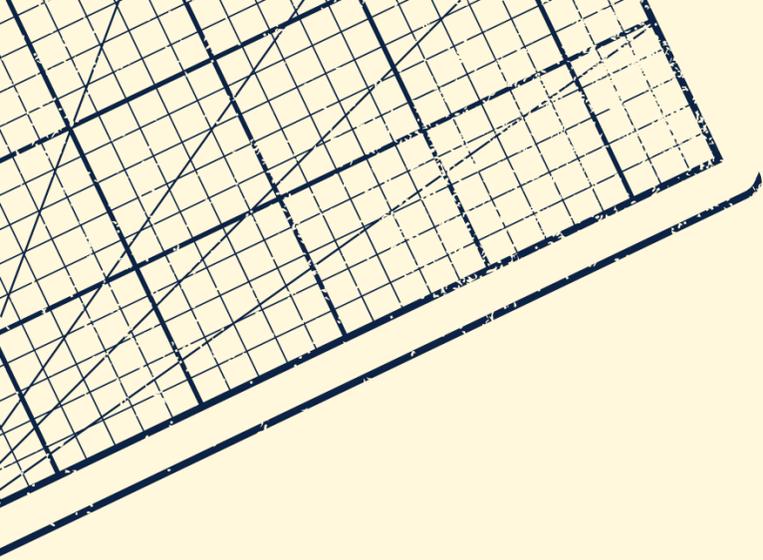

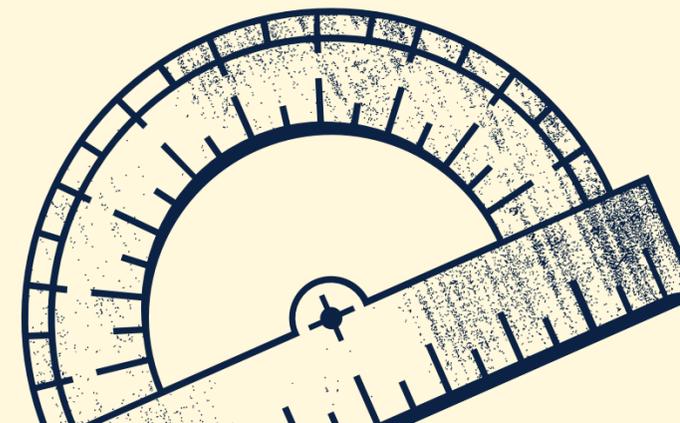

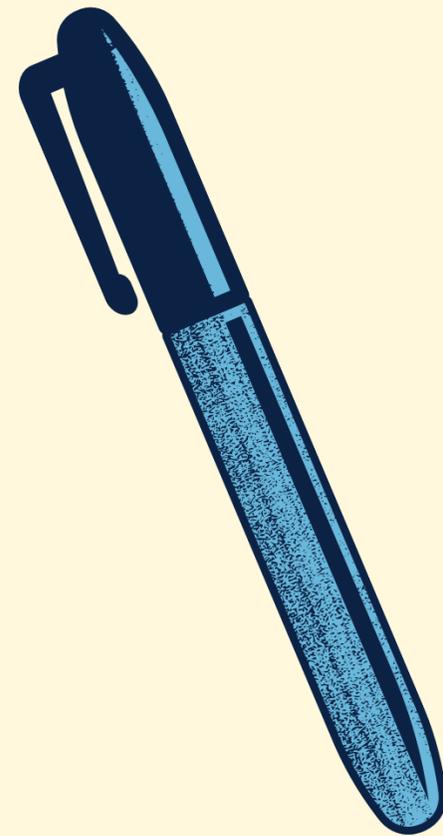

If my child has to quarantine, how will they learn?

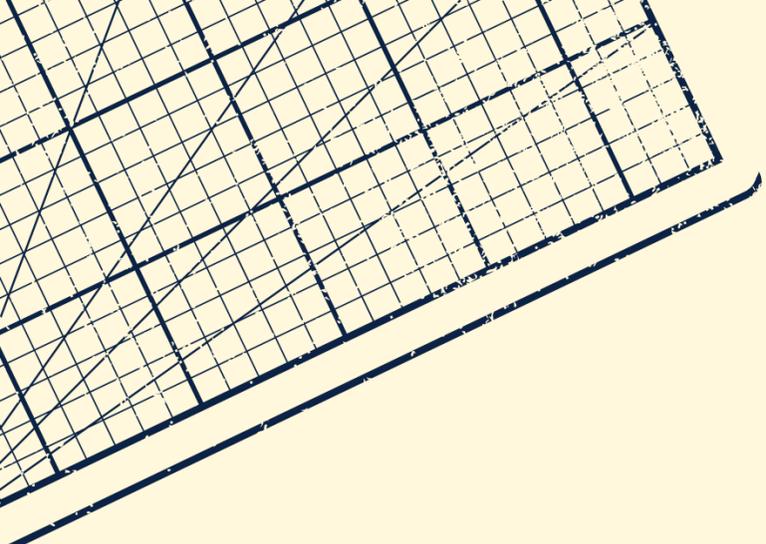

Students who must quarantine for 14 calendar days or less due to COVID-19 exposure or positivity, will be able to access their assignments on Google Classroom and will have one period of Zoom time/day with an academic support or classroom teacher, as arranged by the case manager. This is not one-to-one.

## FAQ's

1. Will students & Staff be tested for COVID - No, only students and staff with symptoms of or exposure to COVID-19 will be required to be tested. Parents are responsible for all testing.
2. Is there an online or virtual learning option at Bayhill? - No, Bayhill will return 100% in person only.
3. Will there be sports and band? Yes. At this time, sports played outside do not require masks. Any sport played inside, including PE class must be masked. As for band, The Bayhill Band will be in session.

## FAQ' s

4. What are the rules around lunch? Students may eat in the lunchroom or courtyard only. When not eating, they must put their masks back on. Off campus lunch will be in effect. Freshmen must wait until the 5th week of school for off campus privileges.

5. Will there be field trips? Yes, walking field trips and those on public transportation will be in taking place. These will be single day trips only.
