COVID Prevention 22-23

We are still living with COVID and likely will for a very long time. It is still a highly transmissible illness. Here is what students and families can expect on campus.

- All staff and students are required to be fully vaccinated and up to date on boosters. Vaccination greatly reduces the severity of illness.
- Masks are optional, but we strongly encourage all staff and students to mask indoors. **Teachers may request that all students wear masks while in their classroom.** Students should come to school prepared. We will also have masks in each classroom.
- Please keep rapid tests on hand at home and test your child if they have symptoms. If a student exhibits symptoms of COVID 19, we will test the student at school when given parent permission.
- If greater than 10% of the school population tests positive for COVID within the same 14-day period, masks will be required indoors until the spread has ended.
- Families will be informed of any positive cases at the school.
- See our guidance presentation on our website for more information.

Parent Coffee w/Mrs. Austin

August 30 at 8:30 AM, Mrs. Austin will welcome parents for coffee. This is an excellent opportunity for parents to get to know each other and learn how they can be an active part of the school community. The meeting will also discuss the Parent Association and the topics of concern to parents for our parent education program.

2nd Annual Bowl-a-Thon

Our Fall Fundraiser is our Bowl-a-Thon, a crowd-sourced fundraiser all families can participate in. Information will be coming soon on signing up. The event culminates in a parent and staff night out at Bowlero in Alameda. Last year we had a blast. Even if you don't want to bowl, it's a lot of fun and a great way to get to know parents and staff. Save the date for October 27 from 6:00 PM to 8:00 PM.

I can't wait to see everyone!
