

# Bayhill High School

## Casino Night Fundraiser Sponsorship

*Bayhill High School educates students with learning differences, focusing on their individual learning needs, with the goal of maximizing their inherent abilities and their potential to succeed.*

Bayhill High Schools's **Spring Gala** will be **Saturday April 20, 2024 at 6:00 PM**. We invite you to assist us by investing in three strategic priorities through sponsorship.

- Expanding our learning services
- Developing our teachers
- Increasing tuition assistance.

Founded in 2007, Bayhill High School has provided an exceptional education for bright students who learn differently. Oftentimes, students come to Bayhill feeling defeated because they have struggled to learn in traditional education environments. Bayhill caters to students learning strengths, while shoring up their difficulties. We equip students with strategies to become successful lifelong learners. Bayhill transforms the lives of our students, allowing them to realize their full potential.

Please support our mission by sponsoring our Spring Gala, email [chao@bayhillhs.org](mailto:chao@bayhillhs.org). To learn more about Bayhill visit our website: [bayhillhs.org](http://bayhillhs.org)
